

Task Force Members,

Attached is our agenda for the October 2nd Broadband Task Force meeting at Thomson Reuters' offices in Eagan. We have a very full agenda planned including approving Recommendations #2, #7, #8 and perhaps #5. We will approve Ongoing Council and Connected Nation language and sources for penetration and speed metrics. **Please reference these recommendations in the attached version 5 of the report and the source metrics document to prepare for efficient discussion and agreement on these sections.** We will also hear an update from the Financing/Cost (Recommendations #4/#6) sub-group.

Sub-group leaders – please send Anne anne.losby@thomsonreuters.com any meeting handouts by end-of-day, Wednesday, September 30th.

As always, please inform Sue susan.lauermann@thomsonreuters.com if you are unable to attend the meeting and who you plan to send as a substitute.

Thank you for doing everything possible to make our last meetings of the task force especially productive. See you Friday!

Best regards,

Rick
