

Task Force Members,

Attached is our agenda for our final Broadband Task Force meeting at Thomson Reuters' offices in Eagan on October 30th. Our agenda is simple: review and approve the final version of the report. We will begin our meeting at 9:30 a.m. and will go until the report is approved. We will also take few minutes near the beginning of the meeting to take a group picture.

Look for the final version of the report to come your way by Wednesday of next week. Please come to the meeting having read the report cover to cover.

As always, please inform Sue susan.lauermann@thomsonreuters.com if you are unable to attend the meeting and who you plan to send as a substitute.

Thank you for everything you have done over the last year and a half to bring us to the finish line and for producing a report we will all be proud of. Hope to see you next Thursday and see you for sure on Friday!

Best regards,

A handwritten signature in blue ink that reads 'Rick King'. The signature is written in a cursive, slightly slanted style.
